EDUCATION

Vellore Institute of Technology, Bhopal

Bachelor of Science in Computer Science, CGPA: 8.49/10

Bhopal, Madhya Pradesh

Oct 2022 – July 2026

PROJECTS

News Website | JavaScript, Node.js, MongoDB, HTML, CSS

June 2023 – July 2023

- Engineered a full-stack news web application enabling category-base filtering and content rendering.
- Secured authentication workflows using JWT-based authorization for protected user sessions.
- Architected and exposed RESTful APIs to manage articles, categories, and user roles.
- Integrated a content management system (CMS) to streamline publishing and role-based access control.
- Optimized on-page SEO and metadata structure to improve search engine visibility.

Food Delivery Website | JavaScript, Node.js, HTML, CSS, MongoDB

February 2024 – April 2024

- Built a scalable full-stack food ordering platform supporting 30+ menu items and real-time order tracking.
- Implemented secure login and session management using JWT authentication.
- Structured backend services and REST APIs for restaurant listings, order tracking, and delivery updates.
- Integrated encrypted payment gateway APIs to ensure transaction processing.

AI Financial Assistant | Python, Streamlit, SQLite

Jan 2026 – Mar 2026

- Developed a web-based application to manage personal finances including expense tracking, budget planning, and EMI management.
- Implemented user authentication and data storage using SQLite for secure and efficient data handling.
- Designed an interactive dashboard to visualize financial data using charts and reports.
- Integrated an AI-based chatbot to provide basic financial advice and spending insights.
- Built the frontend using Streamlit with a simple and user-friendly interface.

TECHNICAL SKILLS

Programming Languages: C++, SQL, JavaScript, HTML/CSS

Frameworks: React.js

Tools & Platforms: Git, PyCharm

Libraries: pandas, NumPy

Database Systems: MongoDB

ACHIEVEMENTS

- Earned AWS Academy Cloud Foundations and Cloud Architecting Certification - 2025
- Solved 150+ Data Structures and Algorithms problems across LeetCode, GFG and Coding Ninja

EXTRACURRICULAR ACTIVITIES

Web Development, Freelancing Club

VIT, Bhopal

Engineered and deployed a responsive website using HTML, CSS, and JavaScript, improving user engagement and increasing club member visibility by 40%.

Kabaddi, VIT Bhopal

Represented VIT Bhopal in university-level kabaddi tournaments, demonstrating leadership, team coordination, and strategic decision-making under competitive pressure.
